Dear Harold,

Thanks for your mailing of 6/26, with the very good notes on the pages from Bud's file and the CD's which I had sent you.

Unfortunately, I seem to have confused you by sending the CD's themselves separately from my notes and forwarding instructions. (I did this so that I could send the former third class.) All of the pages which you list as "missing" in your 6/26 were in fact not sent to you. That was explained in my notes dated May 19, which I had sent earlier. That is, nothing at all is now ~~missing~~ missing. Sorry about ~~the~~ the confusion.

Enclosed is the requested good copy of CD 363:34. If you need a better copy, you will have to ask the Archives.

You asked the name of the reporting agent for CD 75, pp. ~~521-22~~ 716 ff. As you guessed, it is DeBrueys.

Sincerely,

Paul
